- VI. New Business
  - a. “Maintaining the Working River” : Work has begun on new member resource book. What of the issues listed on the agenda are items that you would like to see included in this book? What are areas that you would consider your area of expertise, where you are a subject matter expert that could be a contributor to this? Send in your ideas to Amy and Doug and we will begin this compilation. After we have a good list to work from, we can form a small group for each subject to concentrate on at each meeting. Our partners with ACOE, USCG, and MNDOT can send their subject matter for inclusion in the booklet as well.
- VII. Being no other business, the meeting adjourned at 1:24 with a motion by Rick Voigt
